CAMBRIDGE HOUSE GRAMMAR SCHOOL REVISION CHECKLIST

YEAR 9 Geography

Winter 2026

Your Winter Examination will assess your knowledge and understanding of the topics listed (below).

Use this checklist to help you with your revision and identify any gaps in your knowledge.

I can:	✓	✗
1. Identify the countries of the continent of Europe (as indicated by my teacher) on a map.		
2. Identify the main cities of the continent of Europe (as indicated by my teacher) on a map.		
3. Match European countries with their capital city.		
4. Identify the main oceans and seas of Europe on a map.		
5. Identify the main mountain ranges of Europe on a map.		
6. Describe population change over time.		
7. Describe the rapid growth of global population over the past century and explain reasons for this.		
8. Define the following key terms: Birth Rate, Death Rate, Natural Increase, Natural Decrease, Life Expectancy, Infant Mortality.		
9. Explain why birth rates and death rates vary across the world.		
10. Work out the rate of natural increase using birth rate and death rate statistics.		
11. Construct a choropleth map.		
12. Describe patterns found in choropleth maps, using statistics to support my observations.		
13. Outline at least four factors that influence birth rate.		
14. Outline at least four factors that influence death rate.		
15. Define Population Density and Population Distribution.		
16. Describe and explain physical factors that influence population density.		
17. Describe and explain human factors that influence population density.		
18. Identify one area of the world that is densely populated and explain why.		
19. Identify one area of the world that is sparsely populated and explain why.		
20. Explain what a population pyramid shows.		
21. Describe and explain how a population pyramid from an LEDC differs to that of an MEDC.
